LONG BURIED GOLD FOUND

In Sinking Well Mercer County
Farmer Unearthed Treasure
Hidden During Civil War.

A Harrodsburg dispatch says: "During the last year of the Civil War an old man named Rynearson, who owned a small farm in the Chaplin Hills, and who lived in a commodious log cabin, buried \$2,800 in gold, fearing that it might fall into the hands of the guerrilla bands that rendezvoused in that locality. His family knew of his planting the gold, but gave the matter no concern, believing that he would leave instructions in his papers as to its whereabouts. A year afterwards he was stricken with apoplexy, and though he tried in every way to make it known he died without revealing the hiding place of the treasure. Since then numerous but useless efforts have been made to find the money. Several years ago a grandson named Lewis, who rented the farm, built a more commodious dwelling and razed the cabin.

"Some days ago a tramp, who said he was a printer, was passing that way, and asked for dinner. At the table the recent drouth was mentioned, and Mr. Lewis remarked that he had a good cistern, but intended to fortify himself against future dry spells by drilling a well in the yard. Thereupon the 'tramp' remarked that he was a 'dowser' or 'water witch,' and could locate underground streams.

"The farmer invited the printer to be his guest until next day so that he could try his plan.

"Next morning, a forked twig, cut from a peach tree below the bifurcation, was furnished the printer and he began to tramp about the yard, but the mystical rod never changed its position until the 'witch' stepped from the large flat rock that had been the hearthstone in the cabin. Then the twig began to tremble convulsively and suddenly jerked downward. Again and again the witchery was tried from every direction, and always with the same result when the water witch stepped upon the large stone. The dowser then informed the land owner that water could be found at a depth of twenty feet.

"That afternoon the printer left, saying he was going to Lexington and on to Cincinnati. A week from that day Mr. Lewis had the machinery hauled to the place and the stone was removed preparatory to begin drilling. When the stone was lifted up, to the amazement of all, a number of long mustard-shaped tin boxes were found. They were opened and found to be filled with gold coins of every denomination laid carefully on top of each other, and the amount corresponded with that buried by Mr. Rynearson so many years ago. At last reports no water had been found at a depth of 120 feet."

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer \$100 for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHESNEY & Co., Toledo, Ohio.

Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

Heart Weakness.

Dr. Miles' Heart Cure has made many hearts well after they have been pronounced hopeless. It has completely cured thousands, and will almost invariably cure or benefit every case of heart disease.

Short breath, pain around heart, palpitation, fluttering, dizzy, fainting and smothering spells should not be neglected. Take Dr. Miles' Heart Cure and see how quick you will be relieved.

It cannot make a new heart, but will restore a sick one by strengthening the heart nerves and muscles, relieving the unnatural strain, and restoring its vitality.

"I had a very bad case of heart trouble. For six months I could not work. Last July I was plowing corn and feeling bad all day; in the afternoon in plowing one row I had to lay down, or fall down, three times. My heart throbbed as though it would burst through, and I had difficulty in getting my breath. I purchased a bottle of Dr. Miles' Heart Cure, and before I had used half of it I could lay down and sleep all night. Previously I had to get up from five to ten times a night. I have taken several bottles, and my heart is as regular as clock work. I feel like a new man, and can work considerable for an old man, 84 years old."

H. D. McGILL, Frost, Ohio.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

Miles Medical Co., Elkhart, Ind.

Among the handsome calendars for 1905 received by THE HERALD none are more so than one from the Citizens' National Bank, Winchester, which has such a fine, large ad in our paper, and which is so deserving of the people's patronage. Mr. Hampton's taste runs to the blond, and the beauty he sent us this year shows that his taste is indeed excellent.

John Hathaway, the colored jockey, who on January 4, 1904, shot to death Etta Thomas, his mistress, on Tuesday last paid the penalty of his crime on the gallows in the jail yard at Winchester. He mounted the gallows with a firm step, but said nothing to the crowd in the enclosure. He, however, arranged with C. P. H. Bigbee, his pastor, to tell the people he was prepared, and to warn young people to shun bad company. This was the first legal hanging in Clark county since 1851. The gallows used was the same upon which O'Brien and Whitney were hung at Lexington, and after the execution of Hathaway it was returned to that city where J. W. Boss, the murderer of Mrs. Martha Martin, will expiate his crime on January 13.

Speaking of calendars, the Farmers' and Traders' Bank, of Campton, has placed us under obligations for one for 1905, and the scene is a group of cattle on the range, which is quite appropos with the name of the bank.

CASTORIA.

Bears the Signature of *Dr. J. C. H. H. H.*

The president and cashier of a Conneaut, O., bank which was closed by a report that it held Chadwick paper, were arrested, charged with making a false entry on books.

Irrefutable evidence has been obtained at headquarters that the Japanese are not only hiring Chinese bandits to operate on the Russian flanks, but that they are enlisting Chinese under Japanese officers.

Near Newport, Ark., in broad daylight, Mrs. James Kincannon and her daughter, Mrs. Maggie Mauldin, while walking on the Rock Island track to Jacksonport, where Mr. Mauldin is ill, were assaulted and killed by unknown men.

ONE FULL QUART OF WHISKEY FREE

We know the meaning of words and will do as we say. We claim to be the lowest-priced Whiskey House and the Largest Mail Order Whiskey Concern in the South. All the North Carolina Whiskey we sell is good—there's no bad. People here wouldn't adulterate if they knew how—they are too honest! Most whiskey sellers are noted for raising, blending and watering. We sell more genuine old whiskey and less water than any known competitor. "Casper's 11 Year Old" Whiskey is a liquid gold. It's made by honest people in the mountains of North Carolina. In old-style copper stills, just as it was made by our grandfathers. First-rate whiskey is sold at \$5.00 to \$6.00 per gallon, but it's not any better than "Casper's 11 Year Old." It must please or we will buy it back. We have a capital of \$500,000, and the Peoples' National Bank and the Piedmont Savings Bank of this city will tell you our word is good. To introduce this old, honest whiskey, we offer four Full Quarts of "Casper's 11 Year Old"—two sample bottles, one 11, one 18 year old—a cork, a screw and a drinking glass—all for \$2.00. If \$2.00 is sent we will double the above and put in free One Full Quart Extra. We have some of this whiskey only 1 year old, and will send five gallons for \$10 or will furnish twenty full quart bottles on regulation keg for \$10 or will furnish twenty full quart bottles on regulation keg for \$10 or will furnish twenty full quart bottles on regulation keg for \$10. We ship in plain boxes with no marks to indicate contents, and we ship all Express. Buyers West of Texas, Kansas, Nebraska and Dakota must add 50 cents per quart extra.

THE CASPER CO. (INC.)
WINSTON-SALEM, N. C.

EDITOR'S NOTE:—Before permitting the above whiskey advertisement to appear in our columns, we investigated the same through their bankers. We cheerfully endorse them, and friends in need of pure whiskey for medicinal use need not hesitate to order sample lot.

STATE COLLEGE OF KENTUCKY, Lexington, - - Kentucky.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, horticultural, chemical, biological, mathematical, physical, normal school, classical, mechanical engineering, electrical engineering, civil engineering, mining engineering, each of which extends over four years and leads to a degree. Post graduate studies are also provided, leading to a master's degree. Each course of study is organized under a separate faculty. The general faculty number nearly fifty professors and instructors. County appointees receive tuition, room rent in dormitories, fuel and light, and if they remain ten months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern. The Legislature appropriated \$50,000 for a college home for young women, and \$30,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation was 750.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering and instruction in science.

The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing in any proper sense university work.

The completion of the college home for young women provides facilities for board and lodging. It is equipped with all modern conveniences, including bath rooms and room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to them of a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the State offers advantages for education of women at all comparable to those offered by the State College of Kentucky.

For catalogues, method of obtaining appointments, information regarding sources of study, and terms of admission, apply to

The New Girls' Home.

"Our man about town" called at the new building to be dedicated on the 19th inst. for the purpose of ascertaining its capacity, furnishings, etc., on Tuesday last, and happened in just as the bell rang for the noon meal. The crowd of young ladies and young men, who also take their meals there, reminded him of some vast hotel in a large city. But as he wanted to find the number of rooms, etc., he paid but little heed to the number. Indeed the matron, Mrs. Q. C. Daniel, said she did not herself know, as new ones were arriving every day.

The building is three stories high with a basement, and on three sides are porches, one for each story. There are 24 rooms, 12 hallways, and a large reception room and dining room. The latter is 26x30 feet in size, and the halls and reception room are 16 feet square, while the bed rooms are 14 feet square. All of the woodwork is hard oak finish, handsomely varnished. In every room is a Wellbach gas light, and each room is heated by a radiator, supplied from two furnaces in the basement which use natural gas as fuel. In the hallway, a few feet from the matron's room, is an arrangement by which, with the turn of a key, she can put out every light in the building simultaneously. This compels every young lady to retire promptly at a given hour. The furniture throughout the building matches the woodwork in finish, it being hard oak also. Each room has a bedstead, dresser, two chairs, and other necessary paraphernalia, and it is all good quality, as may be judged when it is known that it cost upward of \$1,000.

A Very Close Call.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, without any appetite, and all run down. As I was about to give up, I got a bottle of Electric Bitters, and after taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by all druggists. Price 50 cents.

Benjamin Staples, aged seventy-two, one of the oldest and best known citizens of Shelbyville, is dead at his home from the effects of a paralytic stroke.

KENTUCKY KERNELS.

State Revenue Agent Albritton sues the J. M. I. Company on \$3,000,000 worth of property.

Charles Ratliff, who has been on a ranch for two years in Geyser, Mont., is at Mt. Sterling on a visit to his mother, Mrs. Lou Ratliff.

At Bender Check Jennings, aged twelve years, shot and wounded Evan Dowell, a ten-year old boy, in the back with a rifle, and the injured child is in a critical condition.

Revenue officers poured out five hundred dollars' worth of whisky belonging to Edward Scott, a distiller at Petonsburg, for violation of the law in regard to adulteration of spirits.

Jeff Skaggs shot and killed John Lee, on Brush Creek, in Green county, last Friday. There had been bad feeling for some time. They met at a party and their old trouble was renewed.

The Hopkinsville Water Company has purchased about 100 acres of land east of that city on which they will construct a reservoir holding 200,000,000 gallons of water, to be held in reserve for emergencies.

Shock from exploding cannon crackers caused a boy to become temporarily insane, and the explosion of a toy cannon fractured the skull of Junius Masonheimer and severely injured Henry Schanze at Lexington.

J. N. Hilse, representing the Continental Company, purchased the crop of tobacco of R. C. Gatewood, 20,000 pounds, at 134 cents, and 10,000 pounds at 10 cents. This is the highest price paid in Montgomery county for several years.

A report has reached Bath county that John and George Hart, of near Owingsville, were killed during a general battle in Logan county, West Virginia. The fight is said to have occurred at a dance. Four men are said to have been killed.

The school house at Cedar Grove, a few miles east of Stithton, caught fire and was burned to the ground. The loss is total, and is quite severe on the district, as the equipment of desks, charts, etc., was new and complete and the building itself a good one.

James K. Sharp, carrier on rural route No. 3, died suddenly in Bath county last Friday morning. He was in comparatively good health the night before. His death was the result of uraemia. He was 22 years old, and the son of John Sharp, one of Mt. Sterling's leading citizens.

Francis Campbell was arrested in the upper part of Breathitt county and placed in jail at Jackson last week on the charge of killing Henderson Fugate, Jr., the sixteen-year old son of Henderson Fugate, at Campbell's "blind tiger." It is claimed Campbell had been drinking when the shooting occurred.

Attorneys representing the Travelers' Insurance Company and the Security Mutual Life Insurance Company in litigation in the State courts to restrain the State Insurance Commissioner from revoking their license, have given notice that they will appeal the cases to the United States Supreme Court.

Judge Robert L. Stout, of Woodford county, whom Gov. Beckham has selected as the successor of Judge James E. Cantrell on the bench of the Fourteenth Judicial District, received his commission last Friday. He was sworn in on Monday at the beginning of the January term of the Franklin Circuit Court.

The attention of our readers, and especially those about Lee City, is directed to the advertisement of Miller & Cecil, the wide-awake and enterprising general merchants of that place, who are just now making a specialty of flour. Tell them you saw the ad in THE HERALD, and see if their prices are not much lower than those of other firms.

CASTORIA.

The Kind You Have Always Bought

GENERAL AND FOREIGN AFFAIRS.

The Russians have abandoned the new town of Port Arthur.

Prospective changes in the consular and diplomatic service are announced.

An insane Vermont woman put poison in the family's food. She is dead, and husband and son are seriously ill.

The Supreme Court orders every ballot box in Denver opened as part of a sweeping investigation of fraud charges.

The deadlock in the Delaware Legislature was broken last week, organization effected, and it adjourned sine die.

Twelve or fourteen girls are in serious trouble at Ogontz, Pa., for ducking Miss Sylva Eastman, the principal, in mistake for a fellow student.

A detective is employed by the Dr. Irvine side in the church trouble. Those who repudiate presentment declare that a trick was played.

Bertillon measurements taken of Mrs. Chadwick will be compared with those of Mme. Devere. It is indicated that insanity will be her line of defense.

Jack Goff, who guided President Roosevelt on his lion hunt, is to be employed by the Government to rid Yellowstone Park of wildcats and lions.

Wm. J. Bryan accepted an invitation from the Grant Birthday Association to make the annual address at the observance of Gen. U. S. Grant's birthday at Galena, Ill. April 27 next.

Princess Radziwill will sue the executors of Cecil Rhodes' estate, in an attempt to vindicate her character from the charge against her in relation to the deceased South African millionaire.

At Chicago masked robbers bound and gagged a watchman and an engineer in the Garden City Brewing Co.'s office one night last week before daylight and blew the safe, getting \$2,000 and valuable papers.

Fred Seymour, under indictment for the murder of Wm. Crawford, a bartender, at Terre Haute, Ind., a month ago, surrendered last Friday. The two men fought a pistol duel on the bank of the Wabash river after a carousal. Seymour will claim self-defense.

Heroic measures have been decided on by the farmers and merchants of the Southern States to save the cotton market. They will burn 2,000,000 bales of the staple. The destruction of the cotton has already begun, and it is estimated that several thousand bales are now burning in Southern Georgia. Each State in the cotton-growing section is expected to burn its share. Bonfires of the chief agricultural product of Dixie will soon be lighted all over the States.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The Capitol Commission met at Frankfort on Tuesday, but its deliberations have not yet been made public. It is, however, quite probable that there will be a called session of the Legislature to settle upon the site, and that it will convene about the 16th inst.

The Marcum damage suit will have been settled ere our next issue. The lawyers are now speaking upon it, and it will possibly go to the jury today. Floyd Byrd, one of the leading prosecutors, spoke seven hours on Monday, and his arraignment of the defendants, which he handled in detail, is said to have been the most severe ever heard in the Clark county courthouse. Mr. Hays, for the defense, spoke before Mr. Byrd, and two more are to speak on either side.

Mrs. J. H. Stamper is confined to her bed, and Dr. Stamper had not on Monday succeeded in getting a nurse to attend her.

W. C. Sebastian, who has taught the Gibbs school on Lower Gillmore, will close on Friday with an entertainment.

Miss India Coldiron will close her school at the Amyx school house, above Daysboro, and wind up with an entertainment Friday.

Married, at the Methodist parsonage, Rev. C. W. Williams officiating, Mr. R. W. Cecil to Mrs. Maud Linden, nee Miss Murphy.

Charley Rose a few days since bought of Prof. Patton his rubber-tired buggy, the mare Maud, and harness, for the sum of \$100 in cash.

A GUARANTEED CURE FOR PILES.
Itching, Blind, Bleeding or Protruding Piles. Druggists refund money if PAZO OINTMENT fails to cure any case, no matter how long standing, from 6 to 14 days. First application gives ease and rest. 50c. If your druggist hasn't it, send 50c. in stamps and it will be forwarded post-paid by Paris Medicine Co., St. Louis, Mo.

Miss Mollie Oney, who has been teaching school at Landsaw, this county, closed on Friday, the 30th of December, and is at home for keeps.

Married, at the residence of the bride's parents, Thomas Brewer and wife, of Valeria, on Christmas day, Harvey Helton and Miss Nanie Brewer.

Married, at the residence of the bride's parents, George Clark and wife, of Toller, on Sunday, January 1, 1905, Will Tom Wills and Miss Mollie Clark.

Floyd Sally, who had his arm amputated by Dr. Center, is reported by the latter as doing nicely. In the trial of Combs, who did the shooting necessitating the amputation, he was bound over to the Circuit Court in the sum of \$500. The evidence, as we hear it, pointed to the fact that threats had been made on both sides.

Mrs. F. N. Day requests us to say to her many friends and customers that she is closing out her entire stock of goods at a very great sacrifice, and it is the first of the year she wants a settlement of every creditor, as business is business. And a friend in need is a friend indeed; so come in and get the advantage of the favors she gives you by settling up old scores.

CASTORIA
For Infants and Children.
The Kind You Have Always Bought
Bears the Signature of *Dr. J. C. Fitcher*

Mrs. Myrtle Williams, colored, of Belknap, visited her father and mother, Dick Franklin and wife, during the holidays, returning home on Monday.

Ike Edmonds, the erudite traveling talker for Augustus Wright & Co., of Petersburg, Va., was the guest of John M. Rose's hostelry a few days this week.

Born, to the wife of Harlan Wilson, of Neola, on Jan. 1st, a bouncing baby boy; weight 10 pounds. Latest reports mother and child doing well.

Dr. Center reports the birth of a boy to the wife of Pres Brewer, of Laurel, on Dec. 27th; and on Thursday evening, Dec. 29th, to the wife of Abner Trent, at Trent, a boy.

Dr. Center yesterday bought of John M. Rose the house built for Henry Adams. It has four rooms and about a quarter of an acre of ground. The consideration was \$400, equal to cash.

John M. Rose says the Mansfield flour is on top—both Best Patent and Mountain Lilly—and a customer at the same time remarked, "It is the best ever."

Miss Mary Pieratt returned Sunday afternoon from Campton, where she spent the holidays with her grandfather, S. S. Combs, and came home loaded with handsome presents.

Prof. Patton and bride (nee Miss Beulah Williams), were the guests of John M. Rose and wife a few days last week, and on Saturday left for Caney, where they were the guests of the bride's parents until Monday, when they left for Eureka, where Prof. Patton is engaged as teacher in the college.

Riley Taulbee, who returned Monday from the Johnson fork, says there is an epidemic of fever raging on that creek, and that there is much suffering in consequence. He did considerable trading on his trip, returning with a two-year old colt. He swapped saddles, and in the deal got a lot of young cattle, for which he finally secured the colt.

The boiler at the saw mill at Hampton, on the O. and K. Railroad, exploded on Saturday last, but fortunately no one was killed. Five men were injured, one of them, Andy Parks, was scalded very badly, and it is thought his skull is also fractured. Lafayette Parks and two sons beside the one above, and a young man named Turner, are among the victims.

Some of the young people who "rang out the old and rang in the new year," displaced the bell on the tower at the Presbyterian Church and left it in a dangerous position. Mrs. F. N. Day was out this week trying to raise money to repair the damage, and those who took an active part in the ringing on Saturday night should now ring in with their donations to help repair the damage, to say the least.

John S. Pieratt, of the Murphy fork, told "our man about town" on Monday last that a social was held at his home on Friday night last which was attended by the families of Joe Miller, of Stillwater; Buchanan Rose, Ed. Cecil, John Murphy, Bill Murphy, Joe Catron, and perhaps others. There was quite a crowd, and all apparently enjoyed the occasion to the full.

Outline of Dedication Program.
A speech by one of the local building committee will be made on the 19th in tendering the dormitory to the State C. W. B. M.

This will in turn be followed by a speech from one of the State C. W. B. M. in tendering to the National C. W. B. M., and the building will be designated the Girls' Home.

Next in the order of things will be a speech by one of the students presenting the Students' Cottage to the National Board of the C. W. B. M.

A speech accepting the Girls' Home and the Students' Cottage will be made by some member of the National Board of the C. W. B. M., but it is not now known just who the honor will fall to.

Then comes the dedicatory address, and this will be followed by the dedicatory prayer, which will close the exercises.

Dr. J. H. Stamper reports the birth of a boy to the wife of James Byrd, Jr., on Lacy Creek, Thursday, December 29th.

Homer Oldfield, who lives with John Brewer and wife, on the Nickell fork, has been confined to his bed since last April. He first had fever, got better, had a relapse, and was then taken with inflammatory rheumatism.

Miss Nevada Nickell, who has taught the Hazel Green public school, and, so far as we are informed has given satisfaction, will close tomorrow without an entertainment.

Mesdames Oscar and Ed. Cecil, and H. F. Pieratt, the two daughters and grand-daughter of Uncle John Rose, of Lacy Creek, called on the old gentleman on Monday last and found him cheerful, but feeble.

If you have no bank account with the Provident Savings Bank and Trust Company, Cincinnati, Ohio, "that's your fault." This bank receives account of the rich and poor and give both the same accommodations. Send for their booklet and open an account without delay—it's to your welfare.

That good woman, Mrs. Ed. F. Cecil, has the thanks of the editor and his better seven-eighths for a basket full of backbone, spareribs, melts, hearts, &c., which reminds us of the saying of old Uncle Johnny Parker, "There are only two good times in a year—election and hog-killing time." Mrs. Cecil's present was equal to the last named event with us, and aside from the compliments of the season, we hope she may always be blessed with an abundance.

The author of "Dead Selves" is not forgotten by readers who like a novel that clings close to the drama of domestic life, and they will be rewarded for waiting for "The Thousandth Woman," which Miss Julia Magruder has contributed to the January number of Lippincott's Magazine. It is a tale of a household whose love has departed, but with the singular feature that the wife's cure is the tempting domestication of her rival in her own home. What happens, the reader will find his pleasure in unravelling; but he will be reassured to know that it turns out right in the end.

Consumption

Salt pork is a famous old-fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.

A sample will be sent free upon request.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

BLACK - DRAUGHT STOCK and POULTRY MEDICINE

Stock and poultry have few troubles which are not bowel and liver irregularities. Black-Draught Stock and Poultry Medicine is a bowel and liver remedy for stock. It puts the organs of digestion in a perfect condition. Prominent American breeders and farmers keep their herds and flocks healthy by giving them an occasional dose of Black-Draught Stock and Poultry Medicine in their food. Any stock raiser may buy a 25 cent half-pound air-tight can of this medicine from his dealer and keep his stock in vigorous health for weeks. Dealers generally keep Black-Draught Stock and Poultry Medicine. If yours does not, send 25 cents for a sample can to the manufacturers, The Chattanooga Medicine Co., Chattanooga, Tenn.

ROCHELLE, GA., Jan. 30, 1903.
Black-Draught Stock and Poultry Medicine is the best I ever tried. Our stock was looking bad when you sent me the medicine and now they are getting so fine. They are looking 30 per cent better.
S. P. BECKINGTON.

DAN DOTS.

Martin Richardson, of Jackson, is visiting relatives at this place.

Kelly McGuire and family spent Christmas with his parents at Omer, Ky.

Cleveland Mann on last Saturday sold a fine young work mule to his brother, Noah, for \$115.

Miss Clara Cox on last Monday stepped on a piece of glass of a Mason fruit jar, cutting an artery, and for two days it bled profusely.

Eddie McGuire, wife and baby, returned last week from Oklahoma, and will make this place their home. They say there is no place like Kentucky.

Quite a crowd gathered at the home of Cleveland Mann and wife on the 25th ult. and spent the day in royal festivity, and will long be remembered as a merry, merry Xmas day.

Dec. 31.

SUNSHINE.

Saved From Terrible Death.

The family of Mrs. M. L. Bobbitt, of Argerton, Tenn., saw her dying and were powerless to save her. The most skillful physicians and every remedy used, failed, while consumption was slowly but surely taking her life. In this terrible hour Dr. King's New Discovery for Consumption turned despair into joy. The first bottle brought immediate relief and its continued use completely cured her. It's the most certain cure in the world for all throat and lung troubles. Guaranteed bottles 50c. and \$1.00. Trial bottles free at all druggists.

The Glug Family.

Inadvertently we last week failed to notice the entertainment given by the students of Hazel Green Academy at Pearre Hall, on Friday night, the 22d of December. The play was "The Glug Family," in which various members attending school are a drawback to other students. The Glugs have no ambition themselves to learn, and have no use for any one who has. When they are reprimanded or punished for an infringement of school rules, or for not having their lessons, they report to their parents in such a way that the pater and the mater conclude that their children have been imposed upon and forthwith rise up in arms against the teachers without hearing their side. In brief, as the play progressed one could call to mind in every district where a school is taught, many of the Glug family under other names, and the acting upon the part of many of the young people was true to life. We refrain, however, from mentioning special names lest our readers might think us prejudiced. But the play is so good and so life-like in its rendition that all who have children in school should see it, and we understand it will be repeated on the 10th inst.

An operation was performed on Dr. Nickell on Tuesday morning for phlegmonous pharyngitis to relieve the pharynx and larynx of accumulated puss, since which he is improving. He writes us that Drs. Swango and Bakes, of this place, and Ben Nickell, of Caney, have been his physicians, and it was Dr. Bakes who made the aspiration and incision which brought him relief.

From the Far West.

Wash Hollon and wife, of Newkirk, O. T., last week visited their niece, Mrs. Clayton Center, of our town, and are this week the guests of Harry Murphy, of Murphy fork, who is a brother-in-law of Mr. Hollon. This couple is well along in years, and as they never expect to visit Kentucky again, they will protract the present visit until about March.

Wonderful Nerve

Is displayed by many a man enduring pains of accidental Cuts, Wounds, Bruises, Burns, Scalds, Sore feet or stiff joints. But there's no need for it. Bucklen's Arnica Salve will kill the pain and cure the trouble. It's the best Salve on earth for Piles, too. 25c., at all druggists.

Dedication of Dormitory.

The Hazel Green Mountain Mission will dedicate the new house for girls and the new students' cottage on the 19th of this month, and the friends of the mission have been invited to attend. An entertaining program has been arranged for the dedication, and conveyances will be at the depot at Helechawa for those who go by rail.

The girls' house was erected at a cost of more than \$6,000. The cottage was erected from money made and appropriated by the students and teachers of the Mountain Mission. — Lexington Herald, Jan. 2.

Domestic Troubles.

It is exceptional to find a family where there are no domestic ruptures occasionally, but these can be lessened by having Dr. King's New Life Pills around. Much trouble they save by their great work in Stomach and Liver troubles. They not only relieve you, but cure. 25c., at all druggists.

Former Citizen Dead.

Milburn Linkouse, who formerly lived on Stillwater, in this county, and a brother-in-law of John M. Rose, died at his home in Indian Territory on the 27th of November. While a few around here have heard of his demise, the news did not reach us until this week, and we now publish it for the benefit of those who have not heard it. He was about 65 years of age, and leaves a wife and four children. He was a brother of Mrs. Wallis, the widow of W. J. Wallis.

Material Prosperity and Ambition

In the February number of The New Idea Woman's Magazine, Esperance Goodlove, who writes in a brazen way of business women's interests, discusses the aims of business women, which are apparently beginning to assume tangible form. She speaks of women who build houses, amuse themselves in the stock market and indulge in the expensive luxury of traveling as a hobby. Any ambition she regards as safer than none, and even material aims she considers as legitimate and right. "I heard a most inspiring sermon the other day," she says, "in which the preacher, referring to things worthy of seeking, put material prosperity high up in a list with health, cultivation and spiritual gifts. He recognized that without a certain degree of material prosperity there is no such thing possible as the gratification of ambition." This statement is probably, in reality, of a less material nature than it looks, but very different meanings will be read into it by people of varying temperaments.

Emulating Eliza, with a pursuing constable in the role of Simon Legree, Inez Pierce, 16 years old, fled across the Mississippi River on the ice at La Crosse, Wis., determined to be married. With her was her boy sweetheart, Archie Danbar. In the background was an irate mother, who opposed the match.
